“

John Cadena and his team did an incredible job repairing the hail damage on my precious Volkswagen. They repaired it in less than a week, communicating with me throughout the entire process. In addition, John worked directly with my insurance company to set up the claim and repairs. It was a seamless process from beginning to end. They even threw in a few extras and detailed my vehicle prior to returning it. I highly recommend Hail Solutions for prompt and reliable service.

TESTIMONIALS

“

I highly recommend Hail Solutions!!! Jacob, Robert and John were very friendly, professional and awesome to work with! Not only was there \$0 deductible and a free rental car, but they kept me updated on the status of my SUV and worked directly with my insurance company. My vehicle was badly damaged by hail and Jacob and his team bent over backwards to restore it (even covering what the insurance wouldn't) so amazingly that it now looks more beautiful than it did when I purchased it! Without a doubt, they care not only for your vehicle, but for you, as well!!!

-Melanie McNair

I can't express how great of a job and great service I received with Jacob and his team at Hail Solutions! If you live in the Brazos Valley area this is the #1 spot to get your car fixed!!!

-Eudulia Velez

Hail Solutions was amazing and so easy to work with! Definitely recommend them! My vehicle was horribly damaged by hail and they were able to repair and restore the vehicle entirely. Jim and his crew were incredible and really took care of us, they went above and beyond! Thank you so much Hail Solutions.
